

Prof. Willie Stewart (United Kingdom)

Consultant Neuropathologist, University of Glasgow; Organiser of the ongoing FIFA BrainHOPE Study & Author of the 2019 FIELD Study in Football.

Prof Willie Stewart is Consultant Neuropathologist at the Queen Elizabeth University Hospital Glasgow and Honorary Professor at the University of Glasgow and the University of Pennsylvania. He leads multiple research programmes exploring traumatic brain injury biology, pathology and outcomes, and is Co-PI on the multi-center collaborations CONNECT-TBI and TBI-REPORTER. His research has a particular focus on lifelong consequences of TBI and the relationship to risk of neurodegenerative disease
