

Eudy Mabuza

Minister Counsellor for Science & Innovation, South African Mission in Brussels, Belgium

Eudy Mabuza has nineteen years of experience in the Public Sector working towards increasing science, technology and innovation international investments in South Africa. In her current role as Minister Counsellor for Science & Innovation in Brussels, she is responsible for the management and strengthening STI collaboration between South Africa and the European Union and its Member States. Previously, she served as the Chief of Staff to the Minister of Higher Education, Science and Innovation, and as Minister Counsellor, Science & Technology in Japan. She is a member of Science & Diplomacy's inaugural Guest Editorial Board (2025 – 2026).
